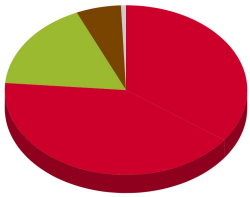
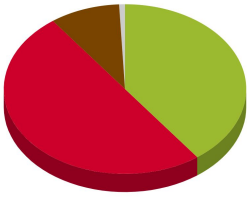
KPDSB Grade 12 Exit Survey (June 2022)

The Creating Pathways to Success vision sees students as architects of their own lives.

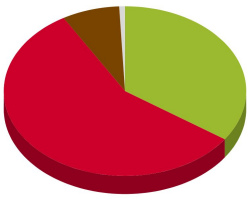
I have had opportunities to discover my strengths, interests and skills. (1 (strongly disagree) - 4 (strongly agree)



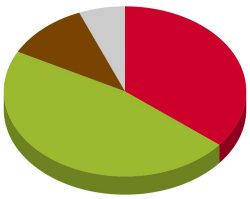
How helpful have these opportunities been? (1 (not helpful) - 4 (very helpful))



I recognize how my skills and strengths will help me be successful in school, work and later on in life. (1 (unsure) - 4 (fully recognize))

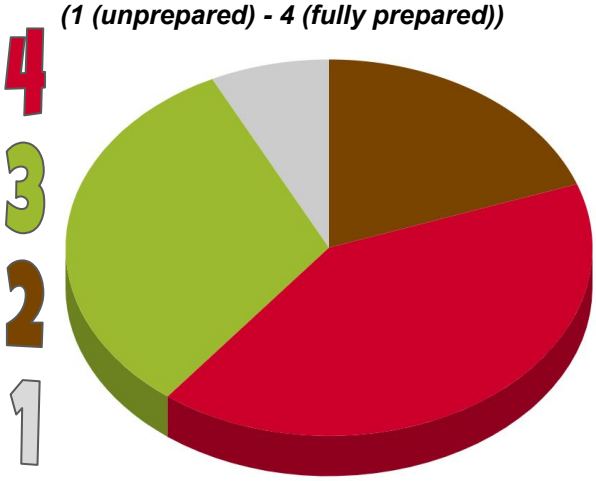


I took opportunities to think critically about my decisions and set goals. (1 (never) - 4 (always))



Participating in activities helped me explore different areas of study, jobs and careers.

Do you feel prepared to transition from high school to your first post secondary destination? (1 (unprepared) - 4 (fully prepared))



Know your strengths | Spend less time on drama | Be yourself | Get involved || Teachers are always willing to help you | Don't rush things | Do your work | Raise your hand and ask questions

Don't be afraid to change your plans and make sure they will be the best for YOU | Make the most of it because it goes by way too fast | Make sure you have a positive mindset

Enjoy your time, study and be yourself | Know your options | No matter how hard it gets, keep pushing through

Have you considered a career in the skilled trades and technologies?

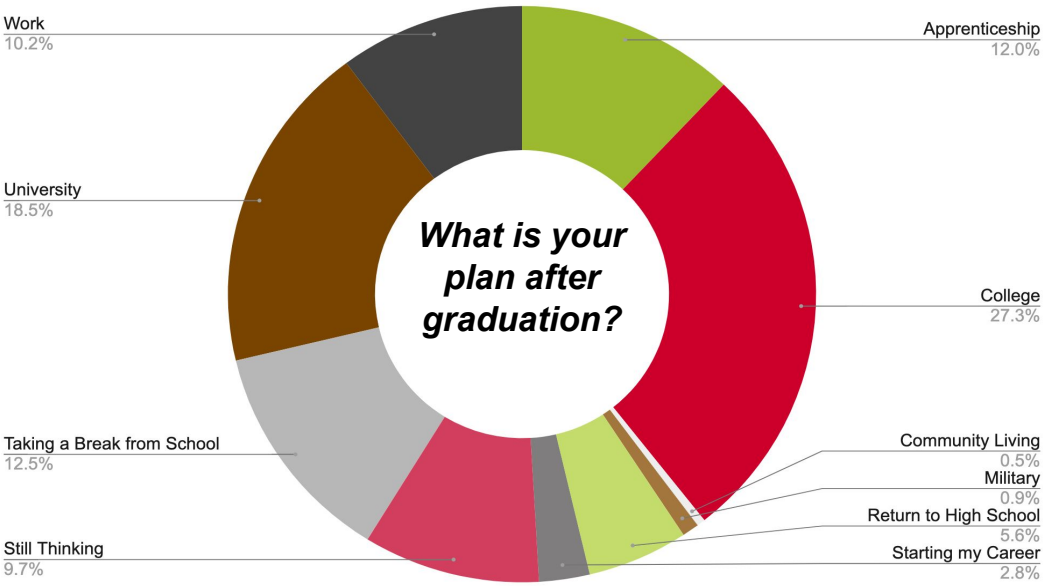
Was there an event or activity that had influence on your plans for life after high school?

Auto class | Art class | High School Experience | Personal Fitness | Welding classes | 7Gens EMS and Nursing Presentation | Co-op | Learning about finance and business | Job Fairs | Sports | SHSM | School productions | Teachers | Coaches | College and University Presentations | Science Fair |

49% of students have a plan for achieving their post-secondary goals

42% of students have partial plan for achieving their post-secondary goals

8% have no plan



Who/what was most useful to you as you prepared for your post-secondary destination?
